## Miracles of the Heart

To God be the Glory - Testimonies of His Faithfulness

Like so many, I have been hurt by life's experiences and struggled with my faith. That opened the door to so much hurt and all that hurt turned into anger, which eventually led to much bitterness. My heart became so locked up, so guarded and unable to truly love another person the way God intended. Throughout my struggles both personal and in my marriage, I've always felt the Lord's presence and he's always given me reasons to keep trying and never give up hope. I'm just so thankful that my heavenly Father never gave up on me. He led me to Healing of the Heart, which actually turned out to be an answered prayer, not only for me, but for my dear husband, our marriage and our family. They helped me connect with the Lord and my husband in ways I never knew possible. I was not only able to ask forgiveness and actually feel it being received, but I was graciously able to forgive others I never thought I would be able to. In doing that, the weight that I have carried for much of my life was instantly removed. All the guilt I've carried for much of my life just vanished, as if it were never there. I gained patience and understanding that I never had before. An overwhelming happiness washed over me. I believe my Lord took me by the hand and walked me to a peaceful place, and for the first time in my life, I felt the greatest sense of peace within myself. It's the warmest most wonderful feeling. The Lord is definitely working miracles in my life. I just need to 'be still'!

- Blessed Wife

Things are going to be so much better and that's the facts. I love you!

- Our teenage Son to his Dad

Something powerful happened! When my wife came home I had never seen the look on her face before, one of calmness and peace. She reached out from her heart and touched my heart in an indescribable way. Something happened to her and me. I know God's spirit in my wife touched my heart, I could feel it. I felt the calmness, I felt a release. I knew things were going to be okay. She invited me to ride along to pick up our son after school, usually I said no, but I wanted to go along. I was drawn to her I wanted to be with her. I could not stop thinking about what happened in to me...it's a miracle. It's like nothing I ever felt before! I want to keep that feeling in my heart more than the alcohol...more than the feeling I got from the alcohol. I dumped out the alcohol. Later when we were watching the marriage videos I sat next my wife and I could feel the calmness.
